

CONTENTS

AUTOMATION AND CONSTRUCTION OF DEVICES

- Bazilo C. V., Khlivnyi V. V., Bondarenko Yu. Yu.* Modification and practical application of piezoelectric transducers with separated electrodes 5
- Piltyay S. I., Bulashenko A. V., Kalinichenko Ye. I., Bulashenko O. V.* High performance waveguide polarizer for satellite information systems..... 14

INFORMATION TECHNOLOGIES

- Tryus Yu. V., Zaspа H. O., Kozhemiakin O. S., Ashyrova A. V.* Information and analytical system for educational activities support of structural divisions of higher education institutions..... 27
- Ptashkin R. L., Hozhyi O. O., Obruch Yu. Yu., Pavlov V. V., Kalinichenko R. A.* RAM analysis as one of the methods for computer forensics..... 39
- Oksamytna L. P., Svirzhevsky O. V.* Design and development of web-oriented currency exchange information service 48
- Balandina N. M., Vasilenko M. D., Slatvinska V. M., Sysoienko S. V.* Approach to modeling of behavioral manifestations in social engineering in the interests of information protection 57
- Faure E. V., Shvydkyi V. V., Shcherba A. I., Kharin O. O., Stupka B. A.* Method of cyclic synchronization based on permutations 67
- Prokopenko T. O., Mozhaiev M. O., Rudnytskyi S. V., Rudnytska Yu. V.* Programming of unloaded redundancy mode in computer systems of critical application 77
- Smirnova T. V., Mynailenko R. M., Dorenskyi O. P., Sysoienko S. V., Smirnov S. A.* Cloud automated system of intellectual support of decision-making for technological processes 84
- Vasylchenkov O. H., Yevsina N. O., Salnikov D. V., Buslov P. V.* Implementation of a filter with post-filtering decision-making on microprocessor architectures with vector extension to ensure performance indicators of forensic examination 93
- Usik P. S., Smirnov O. A., Myronets I. B., Buravchenko K. O., Yakymenko N. M.* Method of improving the efficiency of distributed data processing in computer systems of cellular operators 103

CHEMICAL TECHNOLOGIES AND ENGINEERING, ECOLOGICAL SECURITY

- Pochynok V. V., Viazovik V. M.* Mathematical model of diffusion processes in electrocatalytic processing of CO₂ in organic compounds..... 111
- Myslyuk O. O., Khomenko O. M., Yehorova O. V.* Current natural and anthropogenic threats to ecological well-being of freshwater ecosystems..... 120
- Motrichuk R. B., Kyrychenko O. V., Vaschenko V. A., Kolinko S. O., Butenko T. I., Kyrychenko Ye. P., Tsybulin V. V.* Regularities of influence of technological parameters and external factors on the temperature and composition of combustion products of pyrotechnical nitrate-metal mixtures 131

MATERIALS SCIENCE, TECHNOLOGIES AND EQUIPMENT
OF MODERN MACHINE-BUILDING AND FOOD PLANTS

- Steblyanko P. O., Domichev K. E., Petrov A. D.* Simulation of the behavior of a rod from three-linear two-phase material taking into account temperature 143
- Bilonyk I. M., Berehovenko M. M., Kapustian O. Ye., Shumylov O. A., Bilonyk D. I., Hubar Ye. Ya.* Application of electroslog surfacing for manufacture of hammers of impact shocking mechanism of electrofilters sedimenting electrodes..... 152
- Riznyk O. O., Efimenko N. A.* Method of expert assessment of product quality control at enterprises of machine-building industry..... 162
